PALM OIL

Make a difference!

Read labels when you shop. The choices that you make can affect orangutans.

What is palm oil?

Palm oil (or palmitate) is a very common ingredient in everyday food, household, and beauty products, including baked goods, convenience and snack foods, candy, non-dairy products, cosmetics, and soaps.

Non-sustainable palm oil production destroys rainforest and is devastating to orangutans and other wildlife.

How can I help?

If products that you buy contain palm oil, choose those made by Roundtable on Sustainable Palm Oil (RSPO) member companies. They have made a commitment to moving toward using sustainable palm oil in their products.

US RSPO Member Companies

The Body Shop	Cadbury
Colgate-Palmolive	ConAgra
Henkel	HJ Heinz
Johnson & Johnson	Kellogg's
L'Oreal	Nestlé
SC Johnson	Seventh Generation
Sun Products	Unilever

What else can I do?

- Demand clear labeling for products that contain sustainable palm oil.
- Urge companies that are not RSPO members to join and make a commitment to sustainable palm oil.
